

# FEEDING YOUR KNOWLEDGE – CLEAR, CONCISE, EASY TO USE

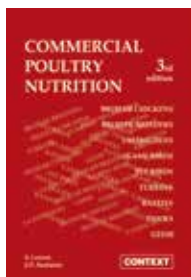

## NUTRITIONAL AND DIGESTIVE DISORDERS OF POULTRY

*Simon M Shane*

Covers diseases, parasites and malfunction of the digestive tract of commercial poultry. The interrelationship of intrinsic and environmental factors in the context of intensive production systems requires an appreciation of the multifactorial etiology resulting in dysfunction.

\*PRICE £27.50  
€34.38 \$34.38

## COMMERCIAL POULTRY NUTRITION

*S Leeson*  
Providing extensive information on the nutrient requirements, ingredient evaluation and diet formulation for poultry of all types. Feeding programs and examples of diet formulations are clearly presented for layer pullets, laying hens, broilers and broiler breeders, turkeys, ducks, geese, game birds, ratites and pet birds.

\*PRICE £40.00  
€50.00 \$50.00

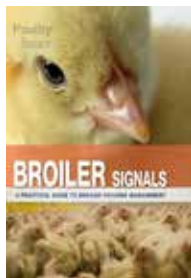

## LAYER SIGNALS

*Monique Bestman, Marko Ruis, Jos Heijmans and Koos van Middelkoop*

A practical guide that shows you how to pick up the signals given by your animals at an early stage, how to interpret them and which action to take. If you recognise the signs that point to potential problems, then make sure you are armed with information to take the appropriate steps to get your flock back on track.

\*PRICE £33.00  
€41.25 \$41.25

## BROILER SIGNALS

*Maarten de Gussem and Koos van Middelkoop*

Follows the life cycle of these fast growing animals. Every stage is discussed separately and points out an important issue specific to that stage. The focus lays on animal-oriented procedures, thus the book is vital for poultry-keepers and anyone involved in poultry on a regular basis.

\*PRICE £33.00  
€41.25 \$41.25

# FEEDING YOUR KNOWLEDGE – CLEAR, CONCISE, EASY TO USE

## CHICKEN NUTRITION

*Rick Kleyn*

This is the most up to date, complete and practical guide to chicken nutrition that you can buy. It covers the underlying theory of poultry nutrition making it easier to recognise problems within this field. With the most important aspects of the diet accounting for the largest proportion of the costs, this book focuses on such areas eg. energy protein and key minerals.

\*PRICE £45.00  
€56.25 \$56.25

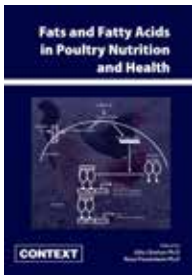

## BROILER NUTRITION: MASTERCLASS

*Rick Kleyn,  
Peter Chrystal*

This book is focused purely on the science of feeding rapidly-growing broiler chickens.

The title addresses the underlying principles of broiler nutrition and the authors' philosophy on how to apply them in practice.

\*PRICE £45.00  
€56.25 \$56.25

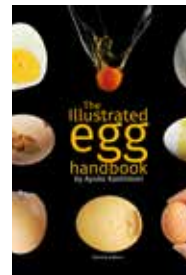

## FATS AND FATTY ACIDS IN POULTRY NUTRITION AND HEALTH

*Edited by G Cherian and R Pourezlami*

This book covers the role of dietary fats in poultry on production aspects, health effects, growth and product quality. Ideal for graduate and undergraduate students in animal and poultry sciences together with professionals in the poultry and allied industries.

\*PRICE £35.00  
€43.75 \$43.75

## THE ILLUSTRATED EGG HANDBOOK 2ND ED

*Ayuko Kashimori*

A colourful guide that gives you a wide range of information on the structure and quality of eggs, as well as what can go wrong. This revised edition includes new egg cases, additional scientific finding, and the topic of the United Nations Sustainable Development Goals (SDGs) from the perspective of the food business.

\*PRICE £40.00  
€50.00 \$50.00

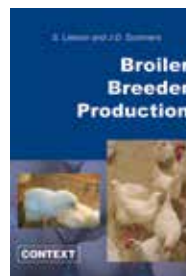

## METABOLIC DISORDERS IN POULTRY

*JD Summers, S Leeson and CA Adams*

This book addresses the problems of all the significant metabolic disorders such as ascites, sudden death syndrome, liver and kidney problems and skeletal disorders. The information provided in will contribute to a better understanding and management of metabolic disorders in poultry.

\*PRICE £30.00  
€37.50 \$37.50

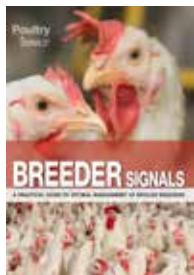

## BROILER BREEDER PRODUCTION

*S Leeson and JD Summers*

Provides an up-to-date look at all aspects of broiler breeder production and management, starting with specialised genetic programs as developed by the primary breeders and ending with two chapters on very practical, hands-on aspects of breeder management.

\*PRICE £30.00  
€37.50 \$37.50

**BREEDER SIGNALS**  
*Rick Van Emous, Jolanda Holleman, Ton Va Schie*

This book contains practical information about broiler breeders to ensure a maximum production of first grade hatching eggs. With practical tools and modern insights to optimise egg production, fertility, sexual behaviour and hatchability, based on the look-think-act approach.

\*PRICE £42.00  
 €52.50 \$52.50

**HATCHERY SIGNALS**  
*Sander Lourens*

Hatchery Signals shows the art of the incubation process. Based on the look-think-act approach, it provides practical tools and insights to further improve and optimise hatch results, chick quality and offspring performance in a commercial hatchery environment.

\*PRICE £42.00  
 €52.50 \$52.50

**EGG SIGNALS**  
*Piet Simmons*

Covering a wide range of topics from the laying hen to the transport and handling of the egg. This book looks at over 50 egg abnormalities and how the nutritional value of eggs can be influenced. It also looks at how this will help to improve the quality of eggs benefiting farmer, packer and retailer.

\*PRICE £42.00  
 €52.50 \$52.50

**POULTRY SIGNALS**  
*Monique Bestman, Marko Ruis, Jos Heijmans and Koons van Middelkoop*

Poultry farming is currently investing in various new housing systems that require another type of management. This book includes points of departure allowing for more animal-oriented procedures and is vital for poultry-keepers and anyone involved in poultry on a regular basis.

\*PRICE £30.00  
 €37.50 \$37.50

**TURKEY SIGNALS**  
*Edward Mailyan*

Turkey Signals is a practical guide with information that every person involved in turkey production should know. It shows how to pick up the signals given by your animals at an early stage, how to interpret them and what action to take by following the cycle on a turkey farm. The information is presented in a very visual way.

\*PRICE £57.00  
 €71.25 \$71.25

**BROILER MEAT SIGNALS**  
*Wim Tondeur and Piet Simmons*

With practical tools and modern insights to guarantee an efficiently produced, safe, healthy and tasty product. Quality issues in the slaughter house can often be traced back to problems in broiler management. This book starts with the live animals, following the broiler all the way to becoming a consumer product.

\*PRICE £42.00  
 €52.50 \$52.50
