FEEDING YOUR KNOWLEDGE – CLEAR, CONCISE, EASY TO USE

CHICKEN NUTRITION

Rick Klein

This is the most up to date, complete and practical guide to chicken nutrition that you can buy. It covers the underlying theory of poultry nutrition making it easier to recognise problems within this field. With the most important aspects of the diet accounting for the largest proportion of the costs, this book focuses on such areas eg. energy protein and key minerals.

*PRICE £45.00
€56.25 \$56.25

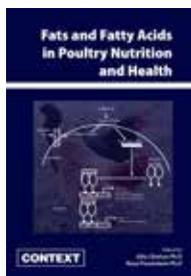

BROILER NUTRITION: MASTERCLASS

*Rick Kleyn,
Peter Chrystal*

This book is focused purely on the science of feeding rapidly-growing broiler chickens.

The title addresses the underlying principles of broiler nutrition and the authors' philosophy on how to apply them in practice.

*PRICE £45.00
€56.25 \$56.25

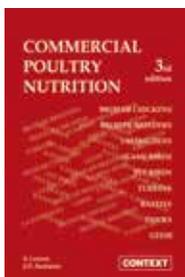

FATS AND FATTY ACIDS IN POULTRY NUTRITION AND HEALTH

*Edited by G Cherian and
R Pourezlami*

This book covers the role of dietary fats in poultry on production aspects, health effects, growth and product quality. Ideal for graduate and undergraduate students in animal and poultry sciences together with professionals in the poultry and allied industries.

*PRICE £35.00
€43.75 \$43.75

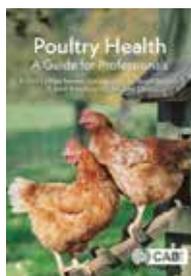

COMMERCIAL POULTRY NUTRITION

S Leeson

Providing extensive information on the nutrient requirements, ingredient evaluation and diet formulation for poultry of all types. Feeding programs and examples of diet formulations are clearly presented for layer pullets, laying hens, broilers and broiler breeders, turkeys, ducks, geese, game birds, ratites and pet birds.

*PRICE £40.00
€50.00 \$50.00

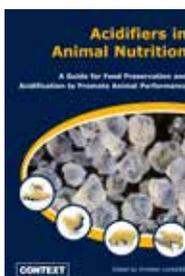

POULTRY HEALTH

*Paul Barrow, Venugopal
Nair, Susan Baigent*

This book covers the poultry industry, basic avian biology, infectious and non-infectious diseases and their agents, infection control, and disease investigation and legislation. It includes full colour images for ease of identification and diagnosis, in addition to practical guides to disease prevention and considers areas of increasing global importance, such as antimicrobial resistance.

*PRICE £45.00
€56.25 \$56.25

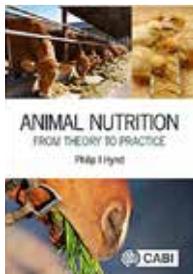

ACIDIFIERS IN ANIMAL NUTRITION

C Luckstadt

This book is a compilation of papers from research institutes and the industry worldwide, to provide an overview on the use of acidifiers in animal nutrition & their beneficial effects on livestock and aquaculture.

*PRICE £25.00
€31.25 \$31.25

FEEDING ANIMALS IS ESSENTIAL FOR GLOBAL FOOD SECURITY

Dr Clifford A. Adams

Author Dr Clifford A Adams provides a detailed look into current evidence and explores how and why feeding animals is positively linked to global food security, sustainability and the Circular Economy. This book has been targeted for students and professionals in agriculture and food production.

*PRICE £25.00
€31.25 \$31.25

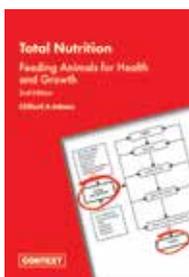

INRA FEEDING SYSTEM FOR RUMINANTS

INRA

The INRA Feeding System for Ruminants has been renewed to better address emerging challenges for animal nutrition: provision of productive responses, product quality, animal health & emissions to the environment, in a larger extent of breeding contexts. This book presents the whole system for dairy & meat, large & small ruminant production.

*PRICE £59.25
€74.06 \$74.06

TOTAL NUTRITION 2ND ED

Dr Clifford A. Adams

Sustainability and the reduced use of antibiotics are the major issues at the moment. Total Nutrition is a programme designed to respond to the modern issues of sustainability, animal health, high quality food production, environmental concerns and reduced use of antibiotics. In the new edition of the book there is a stronger emphasis on sustainable animal production.
